

# Parent Options

## Apple Parent Settings

Audience: Parents

SchoolFusion websites utilize a secure connection to protect your sensitive information. The website restrictions that are a part of parental controls in Apple OS 10.5 and 10.6 prevent access to all such sites unless you specifically allow them.

Please make sure the following entries are in the "Always allow" section:

<https://secure.groupfusion.net>

<https://72.1.123.198>

<https://72.1.97.150>

<http://72.1.97.150>

Any additional questions regarding Parental Controls will need to be directed to Apple or whoever supports your Macintosh computer.
